

2/8/00

PCN001101

4 Megabit Fast Asynchronous SRAM Product Change Notification

This letter is to serve as a notification of a product change for Alliance Semiconductors.

Part Numbers Affected:

AS7C4096

AS7C4098

AS7C34096

AS7C34098

This PCN applies to all speeds and packages of those part numbers

Change Description :

0.35u Technology to 0.25u Technology; speed enhancement

Highlights of the new 512Kx8 and 256Kx16 SRAM revision.

	Was	To
CMOS Process	0.35u	0.25u
Cell type	4T	6T
Access Time	15/20 ns	10/12/15/20 ns

Alliance has made this revision in order to deliver the most competitive performance and cost effective solution to customers at the highest level of quality. Customers expecting continued supplies of these part numbers are encouraged to qualify this new revision at the earliest convenience.

Availability and Transition:

	<u>Samples</u>	<u>Production transition</u>
AS7C4096 and AS7C4098	April 2000	100% by end of June 2000
AS7C34096 and AS7C34098	February 2000	100% by end of March 2000

Please contact your local sales representatives if you have any questions regarding this information.
